FOCUS ON RESEARCHING CAREER OPTIONS

START PLANNING EARLY

You have just come back to school and if you are reading this, chances are that you are thinking about exploring your career and pathway options. It is never too early to start thinking about career ideas, researching your options, developing pathway action plans, or simply having a discussion with your Career Adviser.

If you are in Year 12, it is essential that you discuss your options with the key people in your life as soon as possible. Have no idea what you would like to do when you leave school? No stress!!! Don’t delay seeing Mr. Krausz - now is the perfect time. Not sure what to say? Don’t worry - it is their job to guide you and open up possibilities you may not have considered before.

As a starting point, if you are interested in studying at university or TAFE in the future, please find to the right links to Facebook and YouTube accounts of several Victorian institutions.

It is important to know that Swinburne University, RMIT, Victoria University, and Federation University all have both university and TAFE divisions and that many TAFE institutes now offer university degrees!

If you are interested in pursuing a traineeship or apprenticeship pathway, it is important that you gain as much industry experience as possible. You can undertake up to 15 days of work experience or work placement per year once you turn 15 years old.

Seeing Mr. Krausz early in the year is important to ensure you can get organised early and to be able to start making links with local employers.

It is important to read the Career/Pathways Newsletter each week to ensure that you keep up to date with upcoming career events, and to make an interview with Mr Krausz as soon as possible.

YEAR 11 & 12 CAREER COUNSELLING

During Term 1 all Year 12 students and Term 2 all Year 11 students are required to make a 15 minute appointment for career counselling, course advice and other pathway issues with Mr. Krausz. To make a booking, just sign up on the appointment sheets in F block, either during a Study or lunchtime). The careers interview will be in the Careers Centre, B204.
YEAR 10 WORK EXPERIENCE

As you are aware work experience is no longer compulsory in Year 10 however you are still able to go on work experience for one week during the school year including the school holidays. You do need to organise your own placement, seek approval from your Home Group leader and then complete a work experience contract available on-line from the careers website, or from the Careers Office. Please note that Year 11 and 12 students are also able to complete work experience during the school holidays.

AUSTRALIAN NATIONAL UNIVERSITY

Your chance to learn about a university experience like no other.

We are delighted to invite you, your students and their parents to the 2016 ANU Scholarship Roadshow in Melbourne and Geelong.

Meet Deputy Vice-Chancellor (Academic) Professor Marnie Hughes-Warrington, a current Tuckwell Scholar, and a Tuckwell parent, who will tell you about Australia’s most transformational undergraduate scholarship – the Tuckwell Scholarship.

Learn about what makes ANU a truly unique place to live and study, including:

- Our undergraduate research programs
- Vibrant student residential experience and exceptional Canberra lifestyle
- Comprehensive student support programs
- Other scholarship opportunities at ANU to offset the cost of university.

There will be time to ask questions and light refreshments will be available.
