Business arising from previous minutes:
In regard to the P&F taking on the Deb Ball it was advised that the vote taken was not official according to the Constitution and understanding was not clear. Executive & committee have previously voted on this matter and received a negative for the takeover. The P&F is more than willing to have helpers available where required to support this event. There would need to be a volunteer / nominated Chairperson and committee formed of dedicated parents willing to take on the responsibility to assist in the beginning stages.

Correspondence: Nil
